

⚡ Blitz Series — Lecture 3

General Awareness | SSC CGL Super-Fast Revision

 Parmar Academy | 20 Qs Covered | 2025-26 Batch

① Polity — President of India (Articles 52–62)

Q1. Which qualification is required to contest the election of the President of India?

- ☐ A Must hold any office of profit under Central Government
- ☒ B Must be qualified to become a member of the House of the People (Lok Sabha) ✓
- ☐ C Must be qualified to become a member of the House of Parliament
- ☐ D Must not hold any office of profit

✓ Answer: B — Qualified to be Lok Sabha member (Article 58)

MEMORY TRICK

Memory Trick: "Love is to go on trekking — Come in time"

Art. 52 → 53 → 54 → 55 → 56 → 57 → 58 → 61

Article	Content
52	There shall be a President of India
53	Executive power of the Union
54	Electoral College — Elected MPs + Elected MLAs (Nominated members do NOT vote)
55	Manner of election — Proportional Representation + Single Transferable Vote
56	Term — 5 years
57	Eligibility for re-election — Unlimited times (USA: max 2 terms)
58	Qualifications (see below)
61	Impeachment

→ Qualifications — Article 58

- ✓ Indian citizen
- ✓ Minimum **35 years** of age
- ✓ Qualified to be a member of **Lok Sabha** (NOT Rajya Sabha)
- ✓ Must **NOT hold any office of profit**

EXAM TRAP!

Office of profit is NOT defined anywhere in the Constitution! — Classic exam trap

→ Vice President Qualifications — Key Difference!

- Indian citizen | Min. 35 years | **Qualified for Rajya Sabha** (NOT Lok Sabha — key difference from President)
- Must NOT hold office of profit | Must NOT be member of any House

→ Impeachment — Article 61

BORROWED FROM

USA — both the **office of President** and the **Impeachment procedure**

PARTICIPANTS

All MPs (**elected + nominated**)

MLAs do **NOT** participate ❌

- Ground: **Violation of the Constitution**
- Process: 1/4 members of initiating house sign → Presiding officer accepts → **Special majority in BOTH houses**
- Nature: **Quasi-judicial process** — house first evaluates & investigates charges
- Vacancy elections must be held **before the President's term expires**
- No President has been impeached till date ✓

🔑 KEY FACTS

- 🔑 Same election (PR + STV) applies to: **President + Vice President + Rajya Sabha**
- 🔑 **Oath:** Administered by **CJI** (or Senior-Most Judge if CJI unavailable)

? TRANSCRIPT Q

From which country did we adopt the **procedure** for presidential election?

→ **Ireland** — Proportional Representation with Single Transferable Vote

② Geography — Mass Wasting

Q2. Which of the following statements about rock slides is correct?

- ☐ A It affects only the outermost layer of the rock surface
- ☐ B It is slower than rock fall
- ☐ C It involves backward rotation of the mound
- ☒ D It affects material to a considerable depth ✓

✓ Answer: D — Rock slide = rapid mass movement affecting material to considerable depth

MASS MOVEMENT TRIGGER

Occurs due to **GRAVITY**, NOT weathering

Weathering only *aids* — it is NOT a prerequisite

TYPES

Rapid: Earth flow, Mud flow, Landslide, Avalanche

Slow: Creep, Solifluction

Type	Key Fact
Rock Slide	Affects material to considerable depth ← ANSWER
Slump	Backward rotation of mound/debris (NOT rock slide)
Exfoliation	Affects ONLY outermost layer; caused by excessive sunlight; forms Exfoliated Domes / Tors
Mud Flow	Soil liquefaction — clay becomes very rich in water
Avalanche	Complete fall of snow/glacier on mountain

EXAM TRAP!

Exfoliation → **ONLY** outermost layer (Mechanical/Physical weathering) | Slump → **Backward rotation** | Rock Slide → **Considerable depth** — Don't mix these up!

③ Polity — Supreme Court & High Court Articles

Q3. Which article mentions that there shall be a High Court for each state?

- A 124
- B 214 ✓**
- C 226
- D 32

✓ Answer: B — Article 214 (High Court for every state)

Article	Content
124	Establishment of Supreme Court Part V, Chapter 4 (124–147)
129	SC as Court of Record — can punish for its own contempt
130	Delhi as seat of Supreme Court
132	Appellate Jurisdiction — Constitutional matters
133	Appellate Jurisdiction — Civil matters
134	Appellate Jurisdiction — Criminal matters
137	Judicial Review
141	Decision of SC binding on all courts
142	SC can pass any order for complete justice
143	Advisory Jurisdiction — President seeks advice from SC
214	High Court for every state
226	Writ jurisdiction of High Court
32	Writ jurisdiction of Supreme Court — "Heart & Soul of Constitution" (Ambedkar)

→ Writ Jurisdiction — KEY Difference

HIGH COURT — Art 226

For FRs **AND** Legal Rights

Limited to **state territory**

CAN refuse to issue writ

SUPREME COURT — Art 32

ONLY for **Fundamental Rights**

Applicable across **entire country**

CANNOT refuse — itself a FR

KEY FACTS

- Key Total High Courts in India: **25**
- Key SC strength: Original **1+7** | Current **1+33** | Proposed **1+37** (Cabinet approved)
- Key First CJI: **H.J. Hiralal Jaisdas Kania**
- Key Five writs borrowed from **UK (Prerogative Writs)**
- Key Parliament can authorize other courts to issue writs too
- Key B.R. Ambedkar books: *Annihilation of Caste* / *Waiting for a Visa* / *Buddha and His Dhamma*

◆ ◆ ◆

④ Geography — Aeolian & Desert Landforms

Q4. Which statements about desert erosional landforms are correct?

1. Mushroom rock — water erosion, glacial valleys | 2. Table rock — broad flat-top, narrow base | 3. Pedestal rocks — shaped by wind deflection & abrasion

- ☐ A Only 1
- ☐ B Only 2
- ☒ C Only 3 ✓ (defensible also as D)
- ☐ D Both 2 and 3

✓ Answer: C/D — Statement 1 is **WRONG** (mushroom rock = **WIND**, not water/glacial)

WHY WIND ERODES IN DESERT

No mountains, buildings, trees → **less friction** → wind blows very fast → picks up soil → **Abrasion** (dust particles collide with rocks → erosion)

→ Erosional Landforms

Landform	Key Fact
Mushroom Rock	Formed by WIND abrasion in deserts — NOT water/glaciers!
Pedestal Rock	Remnant of resistant rock shaped by wind deflection + abrasion
Deflation Hollows	Cave-like hollow formed by continued abrasion of mountains

Yardang	Streamlined ridge formed by wind erosion
Bajada	Coalescing alluvial fans at base of mountains
Pediplain	Flat plain formed by WIND erosion ($\neq$ Peneplain = by RIVER)

EXAM TRAP!

Pediplain = WIND | **Peneplain** = RIVER — classic CGL trap!

→ Sand Dunes — Depositional Landforms

Dune Type	Shape / Direction
Barkhan	Crescent shaped — wings point IN wind direction
Seif	Single wing — formed by one-directional wind
Parabolic	Vegetation covered — wings point AGAINST wind direction
Transverse	Perpendicular to wind direction

→ Glacial Erosional Landforms

- U-shaped valley, Hanging valleys, **Arêtes** (serrated ridges)
- **Cirque**, **Tarn Lake** (cirque filled with water), **Horn** (pointed summit)
- **Fjord** — glacial valley fills with seawater

🧠 MEMORY TRICK

Glacial Depositional Memory: "People are Playing Drums in Love About Morena"

→ **Eskers**, **Drumlins**, **Moraines** + **Outwash Plains**

Drumlins: Oval shaped — one end = *Stoss*

Moraines: Lateral | Medial | Terminal

◆ ◆ ◆

⑤ Economy — Five Year Plans

Q5. What was the main objective of the Sixth Five-Year Plan?

- (A) Focus on agriculture
- (B) Rapid industrialization
- (C) Poverty reduction and modernization ✓
- (D) Self-reliant and self-generating economy

✓ Answer: C — 6th Plan (1980–85) = Poverty reduction and modernization

Plan	Period	Main Focus / Model
1st	1951–56	Agriculture
2nd	1956–61	Rapid Industrialization — Harrod-Domar + PC Mahalanobis model
3rd	1961–66	Self-reliant & self-generating economy — Gadgil/Rudran model
4th	1969–74	Growth with stability — D.P. Dhar model
5th	1974–78	Poverty alleviation + Self-reliance — only 4 years!
Rolling Plan	1978–80	Janata government period
6th ✓	1980–85	Poverty reduction and modernization

EXAM TRAP!

5th Plan — only plan that did NOT last 5 years (lasted 4 years, 1974–78). Janata govt ended it early → Rolling Plan 1978–80 followed.

→ Steel Plants (2nd Plan) — Memory Trick

🧠 MEMORY TRICK

"We ate bananas in Orissa (Rourkela), served Bhilai with Germany—whose Pakistan with Russia—and Durgapur—worshipping Goddess Durga with British"

Steel Plant	State	Partner Country
Rourkela	Odisha	Germany
Bhilai	Chhattisgarh	Russia/USSR
Durgapur	West Bengal	Britain
Bokaro	Jharkhand	NOT in 2nd Plan — built later!

KEY FACTS

- PC Mahalanobis — Founded **Indian Statistical Institute**
- Indian Statistics Day — **June 29** (his birthday)
- 3rd Plan failures: China war 1962 + Pak war 1965 + Famine → **Three-Year Plan Holiday (1966-69)**
- CACP formed after 3rd plan → announces **MSP**; Green Revolution also introduced in 3rd plan

⑥ Geography — Indian Rivers

Q6. Farakka Barrage is situated on which river?

- A** Ganga ✓
- B Mahanadi
- C Godavari
- D Luni

✓ Answer: A — Ganga (built 1975; Farakka Agreement with Bangladesh 1997)

FARAKKA KEY FACTS

Built: **1975** on Ganga / India-Bangladesh Agreement: **1997**

Hooghly originates here as a *distributary* (NOT tributary!)

Damodar River = tributary of Hooghly = "**Sorrow of Bengal**"

Damodar flows in a **rift valley** (like Narmada & Tapi)

River	Key Facts
Luni	Also called Lavani; salt river; originates Aravalli; ends in Rann of Kutch ; does NOT reach ocean
Godavari	"Southern Ganga" / "Old Ganga"; Originates from Trimbakeshwar, Maharashtra (W. Ghats)
Godavari Tributaries	Memory: MS World War I → Manjira, Sabari, Venganga, Wardha, Indravati, Penganga, Purna, Pravara
Krishna	Originates from Mahabaleshwar, Maharashtra
Mahi River	Crosses Tropic of Cancer twice

Mahanadi	Originates from Sihawa Hills ; Hirakud Dam (India's longest); tributaries: Ong, Jonk, Tel, Hasdeo, Mand, Ib
-----------------	--

→ Important Lakes

Lake	State	Type / Key Fact
Kolleru	Andhra Pradesh	Freshwater — between Godavari & Krishna deltas NOT a lagoon
Chilika	Odisha	Largest brackish water lake — Lagoon lake
Pulicat	AP-TN border	Lagoon lake
Vembanad	Kerala	India's longest lake; Pamba River flows in — Lagoon (Kayal)
Lonar	Buldhana, Maharashtra	Crater lake

KEY FACTS

- 🔑 **Limpopo** → crosses Tropic of Capricorn twice | **Congo** → crosses Equator twice
- 🔑 **Pacific Ocean** → LARGEST + DEEPEST | **Arctic Ocean** → SMALLEST

⑦ Polity — Centre-State Relations 📖

Q7. Under Article 258A, who can delegate state functions to the Union?

- (A) President
- (B) **Governor ✓**
- (C) Prime Minister
- (D) Parliament

✓ Answer: B — Governor (teacher corrected mid-lecture — initial answer was wrong!)

ART. 258A — ADDED BY

7th Constitutional Amendment, 1956

7th Amendment also **repealed Part 7** of Constitution

State Reorganisation Act 1956 → Fazal Ali Commission (1953) → **14 states + 6 UTs**

→ Centre-State Legislative Relations (Arts 245–255)

Article	Condition for Parliament on State List	Validity
---------	--	----------

249	National Interest — Rajya Sabha special majority resolution	1 year
250	During National Emergency	6 months after emergency ends
252	2 or more states authorize Parliament	—
253	To implement international treaties	—
356	President's Rule imposed	—
248	Residual subjects — Parliament exclusive	—
254	Doctrine of Repugnancy — Parliament prevails on Concurrent List	—

→ Descriptions of Indian Federalism

- Quasi-federalism: **K.C. Wheare**
- Cooperative federalism: **Granville Austin**
- Bargaining federalism: **Ivor Jennings**

🔑 KEY FACTS

🔑 Borrowed from **Canada**: Residual power with Centre | Appointment of Governor by Centre | Federation with strong centre

→ Key Administrative Relations Articles

- Art. **262** → Interstate water disputes
- Art. **263** → Interstate Council
- Art. **279** → GST Council | Art. **280** → Finance Commission

◆ ◆ ◆

⑧ Geography — Atmosphere & Ocean Phenomena

Q8. Which statement correctly defines the Southern Oscillation?

- ☒ A Periodic pressure changes between Pacific Ocean areas causing reversal of trade winds ✓
- ☐ B Periodic changes in Pacific and Indian Oceans causing reversal of jet stream
- ☐ C Periodic reversal of winds in the Indian Peninsula
- ☐ D Formation of ITCZ near the equator

✓ Answer: A — Periodic pressure reversal between Tahiti (E. Pacific) and Darwin (W. Pacific)

→ Southern Oscillation — Normal Conditions

- ✓ Strong NE + SE trade winds → warm water accumulates near Australia/Darwin
- ✓ Tahiti: **High Pressure** | Darwin: **Low Pressure** → Positive pressure difference
- ✓ Good rainfall in India & Australia ✓

EL NIÑO — "Little Boy"

Trade winds **weaken** → warm water stays near Peru

No upwelling → fishing collapses

Less/no rainfall in India & Australia

LA NIÑA — "Little Girl"

Trade winds **very strong** → all warm water westward

Strong upwelling → cold water rises → phytoplankton

Good rainfall in India; Fishing flourishes

KEY FACTS

🔑 **Phytoplankton** = autotrophs of aquatic ecosystem → eaten by Zooplankton → small fish
→ big fish

🔑 **IOD (Indian Ocean Dipole)**: Positive → W. Indian Ocean warmer → good rainfall |
Negative → opposite

🔑 **ITCZ** = Where NE & SE trade winds meet | Also called **Doldrums** (5°N to 5°S) | Moves with the sun

🔑 **Horse Latitudes**: **30°N and 30°S**

🔑 **Monsoon** = from Arabic **"Mausim"** = seasonal reversal of winds

→ Permanent Winds

➤ Trade Winds (NE + SE Easterlies) | Westerlies | Polar Easterlies

⑨ Science — Alimentary Canal

Q? Which is the longest part of the alimentary canal in humans?

- ☒ A Small intestine ✓
- ☐ B Large intestine
- ☐ C Stomach
- ☐ D Esophagus

✓ Answer: A — Small Intestine (longest part)

PATH OF FOOD

Buccal Cavity → Pharynx → **Esophagus** (peristalsis) → **Stomach** → **Small Intestine** → **Large Intestine** (Cecum → Colon → Rectum) → Anus

Organ	Key Function
Mouth	Salivary amylase → complex carbs to simple carbs
Stomach	HCl (acidic) → kills bacteria; Pepsin → proteins to amino acids; Mucous membrane protects lining
Small Intestine	Bile (from liver, stored in finger-shaped gallbladder) emulsifies fat; Pancreatic juice: Lipase (fat → fatty acids), Trypsin (basic medium, proteins → amino acids); Villi increase surface area
Large Intestine	Cecum → Colon (water absorption) → Rectum → Anus; many good bacteria

EXAM TRAP!

Liver = largest gland — food does NOT enter it (NOT part of alimentary canal)

Pancreas = 2nd largest gland; Mixed gland (releases hormones + enzymes) — NOT alimentary canal

Largest organ = Skin

KEY FACTS

🔑 Antacids (basic) neutralize stomach acid: **Milk of Magnesia** = $\text{Mg}(\text{OH})_2$ | **Baking**

Soda = NaHCO_3

⑩ Current Affairs — Census 2011

Q10. The lowest sex ratio in Census 2011 was recorded in:

- (A) Haryana
- (B) Daman and Diu (618) ✓
- (C) Punjab
- (D) Dadra and Nagar Haveli

✓ Answer: B — Daman & Diu (618 females per 1000 males)

CENSUS 2011 BASICS

15th Census overall | 7th after Independence | 2 phases: House Listing + Population Enumeration

Commissioner: C. Chandramouli

→ Sex Ratio (females per 1000 males)

Category	Highest	Lowest
State	Kerala — 1084	Haryana — 879
UT	Puducherry — 1037	Daman & Diu — 618
India Overall	943 (2011)	933 (2001) — improved ✓

→ Literacy Rate (2011)

Category	Rate
Overall India	74.04%
Male	82.14%
Female	65.46%
Highest State	Kerala — 94%
Lowest State	Bihar — 61.8%
Highest UT	Lakshadweep — 91.85%
Lowest UT	Dadra and Nagar Haveli

→ Population Data

Annual growth rate: 1.64% | Decade growth: 17.7%

- Density India: **382/km²** | Highest: Delhi (**11,320/km²**) | Lowest state: Arunachal Pradesh (**17/km²**)
- Highest population growth UT: **Dadra and Nagar Haveli**

→ Census History Timeline

- **1830** First census of any Indian city — **Dhaka** by **Henry Walter** → Father of Indian Census
- **1872** Census under **Lord Mayo**
- **1881** First complete/synchronized census under **Lord Ripon**

🔑 KEY FACTS

🔑 Lord Ripon — Father of Local Self Government | Ilbert Bill controversy | First Factory Act | Hunter Education Commission | Vernacular Press Act & Arms Act repealed 1882

⑪ Science — Light Phenomena

Q11. Which optical phenomenon is primarily responsible for the formation of a mirage?

- (A) Refraction
- (B) Reflection
- (C) **Total Internal Reflection (TIR) ✓**
- (D) Diffraction

✓ Answer: C — Total Internal Reflection (TIR)

→ Total Internal Reflection (TIR) – 2 Conditions

- ✓ Light must travel from **denser → rarer** medium
- ✓ Angle of incidence must be **greater than critical angle**

🔑 KEY FACTS

🔑 TIR Applications: **Mirage | Diamond sparkle | Optical Fiber**

→ Refraction Causes

- Coin in water appears raised | Wooden object in water looks bent
- Twinkling of stars | Sun visible 2 min before actual rise/set

Refractive Index (μ)	Air = 1 Water = 1.33 Diamond = 2.4 (highest → sparkles most!)
Speed of light (c)	3×10^8 m/s in air
Scattering	Sky = blue (blue scattered) Sun red at sunrise/sunset (other colors scattered, red remains)
Diffraction	Bending of light around obstacles

◆ ◆ ◆

⑫ Polity — 7th Schedule & Legislative Relations

Q12. Parliament can make laws on State List subjects under national interest through which article?

- ☐ A 248
- ☒ B 249 ✓
- ☐ C 252
- ☐ D 253

✓ Answer: B — Article 249 (National Interest, RS special majority, valid 1 year)

THREE LISTS

Union List → Parliament only

State List → State Legislature

Concurrent List → Both; Parliament prevails

Residual → Centre (from Canada)

ART 254 — REPUGNANCY

If both make law on Concurrent List → **Parliament prevails**

State prevails ONLY if President had **reserved that bill**

◆ ◆ ◆

⑬ History & Art — Monument Locations

Q13. Which pairs regarding monument location are correct?

A. Golconda Fort — Rajasthan | B. Bharatpur Fort — Telangana

- ☐ A Only A is correct
- ☐ B Only B is correct
- ☐ C Both are correct
- ☒ D Both are incorrect ✓

✓ Answer: D — Both WRONG! Options are swapped (classic CGL trap)

GOLCONDA FORT

Location: **Telangana/Hyderabad**

Built by: **Kakatiya Dynasty**

Later: **Qutb Shahi Dynasty** | Quli Qutb Shah founded Qutb Shahi + built **Charminar**

Kohinoor Diamond found here!

BHARATPUR FORT

Location: **Rajasthan**

Bahmani Kingdom split into:

Berar | Bidar | Bijapur | Ahmednagar | **Golconda**

EXAM TRAP!

In matching questions — 2 options are often **interchanged**! Always verify all pairs. Either both correct or both wrong pattern is common.

⑭ Economy — FRBM Act 2003 & Government Accounts

Q14. Under FRBM Act 2003, which is NOT laid before both Houses of Parliament along with the Annual Financial Statement?

- (A) Medium-term Fiscal Policy Statement
- (B) Fiscal Policy Strategy Statement
- (C) Macroeconomic Framework Statement
- (D) **Monetary Policy Statement ✓**

✓ Answer: D — Monetary Policy = RBI's domain, NOT Government → not included in FRBM

KEY FACTS

FRBM Act 2003 recommended by: **K.P. Geethakrishnan Committee**

Three FRBM documents: ① Medium-term Fiscal Policy Statement ② Fiscal Policy Strategy Statement ③ Macroeconomic Framework Statement

→ Three Government Funds

Fund	Article	Control	Key Point
Consolidated Fund	266(1)	Parliament	Tax payments here; Cannot withdraw without Parliament permission
Public Account	266(2)	Government	Remittances & judicial deposits; Govt can withdraw anytime
Contingency Fund	267	President	Emergency expenses

→ Types of Deficits – Formulas

FORMULA

Budget Deficit = Total Expenditure – Total Receipts

Fiscal Deficit = Total Expenditure – Total Receipts (excluding borrowings)

Primary Deficit = Fiscal Deficit – Interest Payments

Revenue Deficit = Revenue Expenditure – Revenue Receipts

Effective Revenue Deficit = Revenue Deficit – Grants to states for asset creation

→ FRBM Review Committee (2016)

- Chairman: **N.K. Singh**
- Debt-to-GDP ratio: **60%** by 2022-23 (Central 40% + State 20%)
- Fiscal deficit target: **2.5% of GDP** | Revenue deficit: **0.8% of GDP** by 2023

KEY FACTS

- Annual Financial Statement → Art. 112 | In name of President, tabled by Finance Minister
- Money from Consolidated Fund → needs **Appropriation Bill** first

15 History — Colonial Acts & Reforms

Q15. The main objective of Pitt's India Act of 1784 was:

- ☐ A Transfer all powers of East India Company to British Crown
- ☒ B Establish dual system of control ✓
- ☐ C Abolish East India Company
- ☐ D Introduce open competition in civil services

✓ Answer: B — Dual system: Court of Directors (commercial) + Board of Control (administrative)

Act / Year	Key Provision
1784 — Pitt's India Act	Dual system: Court of Directors + Board of Control
1833	Attempted open competition in civil services
1853	Actually introduced open competition; EIC contract no longer renewed for fixed terms
1858 — Govt of India Act	Abolished EIC; Direct British rule; Secretary of State + 15-member council; First Viceroy: Lord Canning ; Called <i>Queen's Proclamation / Act of Good Governance</i>
1892 — Indian Councils Act	Increased council; discuss budget; supplementary questions; resolutions allowed
1909 — Morley-Minto	First separate electorates for Muslims ; Council 16→60; First Indian in Viceroy's Executive Council: Satyendra Prasad Sinha

EXAM TRAP!

1858 Act abolished the dual system that Pitt's India Act introduced! | Peel Commission formed after 1858 → recommended reducing Indians in British Indian Army

→ Parliamentary Questions

Type	Key Feature
Starred Question	Oral answer; supplementary questions CAN follow
Unstarred Question	Written answer; supplementary questions CANNOT follow
Short Notice Question	At least 10 days prior notice
Private Member Question	4th type

KEY FACTS

🔑 Question Hour: **11 AM–12 PM** → in Rules of Business, NOT Constitution

🔑 Zero Hour: **12 PM–1 PM** → NOT even in Rules of Business!

⑩ Art & Culture — J&K Folk Dances

Q16. Which statements about Dhumal dance are correct?

1. Exclusively performed by Fatman, involves planting a banner before dancing | 2. It celebrates apple harvest in Southern Kashmir

- ☒ A Only 1 ✓
- ☐ B Only 2
- ☐ C Both 1 and 2
- ☐ D Neither

✅ Answer: A — Only Statement 1 is correct (Statement 2 about apple harvest is **WRONG**)

🧠 MEMORY TRICK

Memory Trick: "Harris Rauff → Bhand Pathar → Dhumal"

Harris Rauff = buffoon jumping in dust → **Rouf** dance

From Bhand → **Bhand Pathar** | From Dhool → **Dhumal**

Dance	Key Facts
Rouf	Performed by women ; during Eid & Ramadan; performed in a circle
Dhumal	Performed by Fatman (men) ; plant banner before dancing; started by Sufi saint Shah Sukar Saloni
Bhand	Dance drama form

Pathar	
Hakat	J&K folk dance
Damali	From Manali/Himachal Pradesh

◆ ◆ ◆

17 Polity — Constitutional Posts & Removal

Q17. Who among the following holds office during the pleasure of the President of India?

- (A) CAG
- (B) Attorney General of India ✓
- (C) Chief Justice of India
- (D) Chief Election Commissioner

✓ Answer: B — Attorney General holds office at pleasure of President (Article 76, Clause 4)

→ Article 76 — Attorney General (4 Clauses)

Clause	Content
Clause 1	Appointed by President
Clause 2	Must be qualified to be appointed as SC judge
Clause 3	Advises govt on legal matters; right of audience in all courts of India
Clause 4	Holds office at pleasure of President

KEY FACTS

-  AG = **Highest law officer of India** | Assisted by: Solicitor General (NOT constitutional)
-  First AG: **M.C. Setalvad** | Every state has **Advocate General** — Art. 165

EXAM TRAP!

CAG, CJI, CEC — removal = **same as SC judge** (NOT at pleasure of President) | CJI = Impeachment by Parliament

→ CAG — Articles 148–151

Article	Content
148	Appointment by President

149	Duties and powers
150	Form of accounts to maintain
151	Submits report to President/Governor

CAG — KEY TITLES

"Guide and Philosopher" of Public Accounts Committee

"Guardian of the Public Purse" = Consolidated Fund of India

First CAG: A.V. Narahari Rao

CAG recommendation is **NOT binding** on anyone

KEY FACTS

Public Accounts Committee: **22 members** (15 LS + 7 RS) | Formed under Govt of India Act 1919, in year **1921**

⑱ Science — Blood & Hemoglobin

Q18. What is the role and nature of hemoglobin in the human body?

- ☐ A Respiratory pigment with LOW oxygen affinity
- ☒ B Respiratory pigment with HIGH oxygen affinity ✓
- ☐ C Enzyme for digestion
- ☐ D Structural bone protein

✓ Answer: B — Hemoglobin = Respiratory pigment with HIGH oxygen affinity

EXAM TIP

Options A & B look similar but are opposite → **answer always lies between such contrasting pairs!**

Blood Component	Key Details
Plasma	Yellow fluid; 92% water + 8% proteins, hormones
RBC (Erythrocytes)	Biconcave disc; lifespan 120 days ; contains hemoglobin; formed in bone marrow ; die in spleen ("graveyard of RBCs")
WBC (Leukocytes)	Irregular shape; lifespan 10–20 days ; produces antibodies; defense

**Platelets
(Thrombocytes)**

Lifespan **7-10 days**; blood clotting

🔑 KEY FACTS

- 🔑 Hemoglobin contains **iron** → red color (just as Magnesium → green in leaves)
- 🔑 Blood Groups discovered by: **Karl Landsteiner** (ABO system)
- 🔑 AB positive = **Universal Acceptor** | O negative = **Universal Donor**
- 🔑 **Active immunity** = Vaccines (body makes own antibodies) | **Passive** = Antibodies injected
- 🔑 **Thymus gland** = Located in chest; related to WBC/antibody production

→ **Respiration (Exothermic)**

- Glycogen → Glucose → Pyruvate (6C → 3C molecule) | **2 ATP** formed in cytoplasm
- **36 ATP** formed in inner mitochondrial membrane
- **Krebs Cycle (Citric Acid Cycle)** occurs in matrix of mitochondria

→ **Anaerobic Respiration**

- Yeast: Glucose → **Ethanol** + Energy
- Muscles (lack of O₂): Glucose → **Lactic acid** → causes muscle fatigue

⑲ Economy — Fiscal & Monetary Policy

Q19. Which of the following is NOT a feature of an expansionary fiscal policy?

- ☐ A Reduction in taxes
- ☐ B Increase in government spending
- ☐ C Giving subsidies to people
- ☒ D Raising tax rates ✓

✓ Answer: D — Raising taxes = Contractionary, NOT expansionary

EXPANSIONARY (Recession)

- ↓ Reduce taxes → ↑ Personal Disposable Income
- ↑ Govt spending | Give subsidies
- ↑ MSP = **contractionary** (NOT expansionary)

CONTRACTIONARY (Inflation)

↑ Raise tax rates

↓ Cut government spending

Policy	Implemented By	Purpose
Fiscal Policy	Government	Control money supply via spending/taxation
Monetary Policy	RBI	Control money supply via interest rates/CRR/SLR

→ Monetary Policy Terms

➤ **Hawkish / Tight / Dear** = Contractionary monetary policy

➤ **Dovish / Easy / Cheap** = Expansionary monetary policy

🔑 KEY FACTS

🔑 Quantitative tools: CRR | SLR | Bank Rate | Repo Rate | Reverse Repo Rate | MSF

🔑 Qualitative tools: Moral Suasion | Marginal Requirement

🔑 **Crowding Out** = Govt borrows so much → no money left for private sector (was in UPSC recently)

◆ ◆ ◆

②0 Art & Culture — Gharanas of Music 🎵

Q20. *Thumri and Khayal are associated with which Gharana?*

- (A) Jaipur Gharana
- (B) Agra Gharana
- (C) Patiala Gharana ✓
- (D) Gwalior Gharana

✓ Answer: C — Patiala Gharana (Thumri + Khayal)

🧠 MEMORY TRICK

Memory Trick: "After a Patiala drink, person says — I have achieved **Fateh** (victory)!"

Then says — spare me (**Baksh Khan**)"

Founders: **Ustad Ali Baksh Khan + Ustad Fateh Ali Khan**

KEY FACTS

Queen of Thumri: **Girija Devi**

Thumri also associated with **Kathak dance**

All Memory Tricks — Lecture 3

Trick	What It Helps Remember
"Love is to go on trekking — Come in time"	President articles 52, 53, 54, 55, 56, 57, 58, 61
GT = Godavari-Trimbakeshwar	Godavari originates from Trimbakeshwar
MS World War I	Godavari tributaries: Manjira, Sabari, Venganga, Wardha, Indravati, Penganga, Purna, Pravara
